Jill Steenhuis, an American from Atlanta, received her BFA in studio art from Sweet Briar College in Virginia in 1980 then journeyed to the south of France to discover Cezanne's Mont Sainte Victoire and entered The Marchutz School of Fine Arts. Today, Jill paints in the countryside of Aix-en-Provence, facilitates workshops, and lectures. For this U.S. tour, Jill will be accompanied by her son Sergio Ruffato, a SCAD graduate, whose metal sculptures will also be on exhibit.
